# RFgen Cloud
## Hosted and Managed Services

Transform your data collection with next-generation mobile barcoding solutions on the cloud.

**RFgen**

## Step Into the Future with RFgen Cloud

When it comes to running a business, IT personnel need the freedom to focus on what matters most. As IT leaders are tasked with trimming budgets and taking on more responsibilities than ever, the need for cost-efficient, low-effort solutions is paramount. RFgen Cloud enables you to host your mobile barcoding solution with maximum security, reliability, and uptime so you can concentrate on more important areas of your business. Replace worry with confidence as RFgen handles the hosting and management of your cloud environment for mission-critical supply chain processes.

**WHY RFGEN CLOUD:**

### Simpler Management

Reduce burden on IT teams through worry-free management and unmatched reliability.

### Enhanced Performance

Increase operational efficiencies with speed, scalability, and elevated service levels.

### Easier Compliance

Built-in compliance controls ensure data is private and adheres to regulatory requirements.

### Lower Cost

Save on hardware, software, setup, and maintenance to streamline budgets and boost profitability.

## Effortless Hosting. Maximum Business Value.

With RFgen Cloud, your organization gains access to the industry's most secure mobile data collection solution and the ability to unlock your department's full potential. RFgen Cloud architecture delivers cloud-enabled mobile apps through partnerships with Oracle Cloud Infrastructure (OCI) and Microsoft Azure, both world leaders in advanced cloud platforms.

RFgen Cloud provides:

▷ **Security**—Securing your data is our top priority. RFgen ensures security at every layer so you can enjoy safe, secure access to your data at all times. Your data is securely stored and contained in a private cloud environment. Deploy RFgen Cloud behind your organization's firewall for added security.

▷ **Scalability**—RFgen Cloud scales to grow with your business. Functionality can be seamlessly added or modified without additional infrastructure to fit the needs of an evolving enterprise. Let RFgen experts handle it for you, whether you have five users or 1,500.

▷ **Continuity**—Your RFgen Cloud subscription entitles you to easy access to the latest software versions and updates, installed at your own pace. The addition of managed services frees your IT team for more crucial tasks while RFgen experts take over monitoring and updating your solution.

**94%** OF BUSINESSES ARE SHIFTING TO CLOUD-FIRST STRATEGIES FOR ENTERPRISE SOFTWARE.

Simplify your mobile data collection with RFgen Cloud.

## Give Your Business Peace of Mind

When you choose RFgen Cloud, you equip your organization with the confidence that your mobile barcoding investment is operating at maximum performance and security at all times. Let RFgen's team of experienced, skilled experts replace the hassle of setup, monitoring, maintaining, or updating servers and hardware with zero-effort managed services to support your organization's vision for innovation. RFgen Cloud also includes a built-in support plan with a dedicated help desk and round-the-clock monitoring should any critical issues arise. With your RFgen Cloud Saas subscription, you get:

▷ 24x7x365 monitoring and support

▷ Failover and disaster recovery

▷ Endpoint protection, including routine virus and malware scanning

▷ Secure data transmission and storage with SSL encryption

▷ Automatic updates and routine backups

## RFgen Software - Your Total Solution Provider

### Software. Hardware. Services. Expertise.

Since 1983, RFgen has helped organizations reduce supply chain costs through increased accuracy and efficiency with the most reliable, flexible mobile barcoding solutions in the industry. Our global network offers worldwide support for complete end-to-end visibility through data collection. RFgen provides robust mobile software and hardware, as well as guidance and expertise based on decades of experience and best practices.
