

## FOR DELTEK COSTPOINT

Mobilize your supply chain with the premier mobile barcoding and data collection solution for Costpoint.

**Deltek**

Marketplace Partner

### Extend Costpoint with Mobile

RFgen® is the industry-leading mobile barcoding solution for Deltek Costpoint. RFgen's architecture provides built-in best practices for mobile inventory management with unparalleled security, speed, and flexibility to maximize performance and minimize waste. Extend the power of Costpoint to point-of-scan with lightning-fast mobile apps, no matter where your people work, online or offline, in the warehouse or in the field.

#### KEY ADVANTAGES:

##### Deltek Integration

Supports Costpoint 7.0.1 through 8.2.

##### Paperless Automation

Replace paper checklists and data entry with real-time digital automation. Unlock new levels of accuracy, efficiency, and visibility.

##### Fast Mobile App Creation

RFgen Mobile Development Studio provides built-in low-code mobile app development for rapid in-house creation and tailoring.

### RFgen® Features & Capabilities

RFgen MobileEdge™ for Deltek Costpoint can help you unlock new levels of performance, control, and oversight in critical supply chain operations. Mobile apps provide two-way data exchange with Costpoint and other business systems in real time. Configure pre-built mobile apps for your business or create your own using mobile app templates and low-code developer tools.

- ▶ **Transaction Automation**  
Replace manual inventory practices with real-time digital automation and 30% greater efficiency.
- ▶ **Workforce Mobilization**  
Increase productivity by 30% by bringing end-users to point-of-work, reducing wait and walk time.
- ▶ **Automatic Data Collection**  
Drive inventory accuracy to 99.9% with world-class mobile barcoding technology.
- ▶ **Easy to Manage**  
Manage, deploy, and support remotely. Device-agnostic software runs on Android, iOS, and Windows.
- ▶ **Continuous Availability**  
Industry's best offline data collection solutions for 365/24/7 operations.

**"Accuracy has gone up to 99.9%. RFgen also improves productivity and that drives efficiency downstream. It makes a huge difference in how quickly we can invoice our customers, improving our cash flow."**

Jason Mulholland, Director of IT  
CyberCore Technologies

## RFgen MobileEdge™ for Costpoint

Simplify and accelerate operations with pre-written, pre-tested mobile apps for Costpoint. Applications can be easily conformed to your exact business processes using a user-friendly codebase. Mobilize existing transactions to any device and enhance core functionality.

Mobile app suites include:

- ▷ Inventory Management
- ▷ Manufacturing
- ▷ Purchase Order Processing

## RFgen Software Your Total Solution Provider

**Software. Hardware. Services. Expertise.**

Since 1983, RFgen Software has helped organizations reduce supply chain costs through increased accuracy and efficiency with the most reliable and flexible mobile barcoding solutions in the industry. Our global network offers worldwide support for complete end-to-end visibility through data collection. RFgen provides robust mobile software and hardware, as well as guidance and expertise based on decades of experience and best practices.

## RFgen® is Already Used Worldwide For:

- ▷ Warehouse and Distribution Centers
- ▷ Manufacturing and Production
- ▷ MRO and Asset Management
