Extend and enhance your Dynamics 365 Supply Chain Management supply chain with industry-best mobile barcoding and data collection.

Mobilize Your Microsoft Dynamics 365 Supply Chain Management

RFgen Mobile Foundations is the industry-best mobile barcoding solution for Microsoft Dynamics 365 Supply Chain Management, also known as Finance and Operations Enterprise Edition.

Purpose-built for supply chain data collection, RFgen's architecture provides mobile inventory management with unparalleled flexibility and built-in best practices to maximize performance and minimize waste. RFgen mobile apps put the power of Microsoft Dynamics 365 Supply Chain Management into your hands, no matter where you work, online or offline, in the warehouse or in the field.

KEY ADVANTAGES:

Microsoft Silver Partner

Standard integration for Dynamics 365 Supply Chain Management, also known as Finance and Operations Enterprise Edition.

Lightly-coupled Architecture

RFgen is version independent and highly flexible. Hosting available through web services and Microsoft's Azure LCS. Upgrade from legacy ERPs or Dynamics AX with ease.

Low Code Mobile App Development

RFgen Mobile Development Studio provides built-in low-code mobile app development for rapid in-house creation and tailoring. No deep skillsets needed.

RFgen Features & Capabilities

RFgen Mobile Foundations for Dynamics 365 Supply Chain Management can help you unlock new levels of performance, control, and oversight in critical supply chain operations. Mobile apps provide two-way data exchange with Dynamics 365 Supply Chain Management and other business systems in real time. Use pre-built mobile apps, tailor ready-made templates to your business, or modify and create your own using low-code tools.

▷ **Transaction Automation**—Replace manual inventory practices with real-time digital process automation and 30% greater efficiency.
